Object: Recommendation letter on behalf of Mr. Alabre Rithshi

Dear admission committee,

I am honored to recommend Mr. Alabre Rithshi, a former student of Collège Évangélique de la Première Église Baptiste des Cayes for an admission at the Department of Management of Yuan Ze University.

I have known Alabre for more than four years, especially as his Physics teacher. He is a diligent student, capable of quickly adapting to his environment and always shows great sense of motivation and determination. He was committed to his studies and demonstrated remarkable leadership talent. Alabre told me about his desire to pursue an undergraduate degree in Management and aims to join Yuan Ze University, which he thinks perfectly aligns with his academic expectations.

Knowing his potential and his dedication, I strongly support Mr. Alabre's application. I am convinced that he will be a diligent and successful student. As a highly competent student, he will be a considerable asset for the Department of Management at Yuan Ze University and will be among the best of his class at the end of his studies.

If any further information is needed, please feel free to contact me.
