Subject : Recommendation letter on behalf of Alabre Rithshi

Dear Sir and Madame,

I would like to recommend Mr. Rithshi Alabre, a former student of mine at College Evangelique de la Premiere Eglise Baptiste des Cayes .

Mr. Alabre was one of my students during the 2016-2017 academic year. He is a hardworking, a creative student who always shows a great sense of motivation and determination. Recently, he contacted me to tell me about his interest in applying for a bachelor's degree in International Management at your university, namely Yunlin University. I have no doubt that Mr. Alabre will receive a quality training at your school. He is endowed with great interpersonal skills. As far as I can recall, Mr Alabre loves solving problems and serve the people around him. Therefore, I have no doubt that he will be a successful Manager in the future.

Knowing his potential and dedication, I have absolutely no reservations about recommending Mr. Alabre's application at Yunlin University. I am convinced that he will be a diligent and successful student. A more than competent element, I also believe that will be a considerable asset for the Department of Management and will be among the best of his class at the end of his studies . If you have any question, do not hesitate to contact me.
